AJAY.K.P

Kaliparambil(H)Ramankulam, P.O karuvambram(west)Manjeri
+919961357319 | ajaykaliparambil916@gmail.com

Objective

Motivated and detail-oriented Computer Engineering graduate with First Class , skilled in full-stack web development using the MERN (MongoDB, Express.js, React.js, Node.js) stack. Seeking an opportunity to apply technical knowledge and problem-solving skills in a dynamic organization where I can contribute to innovative projects and grow as a professional developer.

Education

- **AKNM GPTC Thirurangadi**   2022-2025
  Diploma in computer engineering (First Class)

- **JTS Mnjeri**   2021
  THSLC
  Full pass

- **SINET IT SOLUTION**   2025
  MERN STACK

Skills

- Python, java
- HTML, CSS
- JAVASCRIPT
- NODE.JS, EXPRESS
- Mongodb, firebase
- Vibe coding

Projects

- **HealthcareChatbot(Majorproject)**
  Developed a Healthcare Chatbot to assist with medical inquiries, appointments, and health advice, improving accessibility and patient engagement.

- **Online assignment portal (Minor project)**
  • Managed an assignment portal.
  • Developed an online submission system
- **My portfolio**
  My portfolio showcases various projects I've developed during my Computer Engineering studies and personal learning journey. It includes a HealthCare ChatBot built with Python, a React-based Event Management App, a Lionel Messi Portfolio Website, and several interactive games like Car Racing, Flappy Bird, and Memory Card created using React.
  These projects highlight my skills in web development, UI design, problem-solving, and MERN stack technologies.
